臺灣獎學金公告英文版

The Ministry of Education (MOE) Taiwan Scholarship Program encourages outstanding Turkish students undertaking undergraduate and postgraduate studies in Taiwan.

1. Applicants applying for the Taiwan Scholarship, please make sure to carefully read the Taiwan Scholarship Program Directions, specifically Article 4 (Eligibility) and Article 5 (Documents to be Submitted before March 31).

2. The MOE Taiwan Scholarship Program provides the following for each outstanding international student scholarship recipient who comes to Taiwan to undertake a bachelor's degree, master's degree, or doctorate:

(i) Tuition and miscellaneous expenses (i.e. the course-credit fees, and miscellaneous basic study-related fees): The MOE will pay up to NTD 40,000 each semester for each recipient's approved tuition and miscellaneous expenses. If these exceed a total amount of NTD40,000, the remaining amount must be paid to the university/college by the student. The "miscellaneous expenses" do not include any of the following: administration fees, thesis supervision fees, insurance premiums, accommodation, or internet access. These are all the responsibility of the scholarship recipient.

(ii) Living allowance: The MOE provides each recipient undertaking university undergraduate studies a monthly stipend of NTD15,000; it provides each recipient undertaking a master's degree or doctorate studies a monthly stipend of NTD20,000.

A university/college may give scholarship recipients a discount for tuition and/or miscellaneous expenses. The university/college must submit details of which of its departments/institutes are offering scholarship recipients discounts on fees for the following academic year, and a copy of the fee standards to the MOE by the prescribed date each year, and it must also provide a copy of these to any other unit designated by the MOE.

3. Scholarship Duration and Time Limits:

(i) The maximum period a Taiwan Scholarship may be held is: four years for undergraduate programs, two years for master's degree programs, and four years for doctorate programs. The maximum total period that any one person may hold a Taiwan Scholarship is five years.

(ii) The Taiwan Scholarship year begins on September 1 and ends on August 31 of the following year. Recipients must arrive in Taiwan and register at their university/college at the scheduled time. It is not permitted to defer taking up a Taiwan Scholarship until the following year. A student who is unable to arrive in Taiwan and register at their university/college at the scheduled time will be considered to have forfeited their scholarship eligibility, unless the student has notified the university/college and the MOE beforehand and been given permission for a delayed arrival and registration.

(iii) Living allowance payments begin from the month when the recipient actually begins attending the university/college, and they end when the maximum scholarship period for their degree level expires, or when the recipient graduates, withdraws from their studies, is suspended or expelled, or has their Taiwan Scholarship revoked.

4. Eligibility:

iii. A person who has already studied in Taiwan for a degree at the same level as the one in which they currently intend to enroll.
